TITLE WORK INTRODUCTION

I, Anri Shina, (17), am going out with the most popular among high school girls... super singer [SHIN]! I was really shocked, but I couldn't be all that happy... Because he is famous, there are countless women that will chase after him... When I think about that, I can't help but feel a bit insecure...

Words From the Author

I don't buy stuffed animals but I am easily taken by the 'Wealth Incurring Cat'. I really like that dumb looking expression... Waving at the customers with the left paw, while the right paw incurs wealth. I heard that there are those with both hands raised. I even though I haven't seen it with my own eyes. Next time I'll go look for them.

FREE-TALK

Among the people who wrote that they like SHIN, there were a few who are celebrity chasers just like Anri. There seems to be a lot of those people. Even though there are a lot of celebrities being chased, most are from music backgrounds. Thanks everyone for being like Anri, and for sharing some of the rumors about the celebrities with me.—Hmmm, I really like it. (*keeps on nodding by herself*)

I read everyone's letter very carefully, and I read that some readers truely understand Anri's feelings, I am really happy. Also, there were a lot of mails from fans who not only wrote for themselves but for Anri's happiness. But, no one knows what will happen in the future.—I will command myself in my heart. (*smile*)

FREETALK

Time flies, the year 2000 is here, and yet my life is not much different than before. But, the PS2 is coming out this year, and so is DQ IV (— it will come out! FFIX is coming out soon too!

The me that likes to play nintendo games is really happy~ Talking about the games that I love to play "Together no matter where we are", I really like the bunny inside, its rampant personality and its unforgiving mouth, I really love it with all my heart. But it disappeared after I have only played for about 10 days, how painful, woo woo — ah! Not only games, of course I am also working hard in my job. Please take care of me~ I'll see you again in volume 4.
